This is what the Deputy Rensselaer County Exec. sent me on the "new" violations and their Monday press release. Contact info is also provided for County health and environmental staff.

Berry

Here is the spreadsheet we send out to State Health, State DEC, and Daniel Lau from your shop. Rich Elder will include you on the distribution going forward. Also attached is the press release I sent out indicting the most recent results. As a policy the County does not release results tied to a specific address and would request that any release of the results is not tied to the individual property.

I also have attached some maps indicating the results thus far. They are basically the same except that the public map seeks to blur the property lines as to try and limit the identification of those properties.

Please confirm receipt and going forward if you could make sure that you include cmeyer@rensco.com, mwachunas@rensco.com, and relder@rensco.com on the distribution list of any information being sent out I would really appreciate it.

Thanks
Cm
